ESTATE SECRETS

We've always found it funny that Pinot Noir has become the wine everyone feels obligated to talk about in whispers.

Somewhere along the way, it developed a reputation for being mysterious and complicated. The truth is, the best Pinot Noir has never needed an explanation. It simply invites you back for another sip.

California gives this variety beautiful purity of fruit and an effortless sense of balance. Our job isn't to make Pinot Noir more complicated than it already is. It's to let the vineyard do most of the talking and then get out of its way. Good wine has a habit of speaking for itself.
